CSIT 8th-semester student with basic knowledge of building simple user interfaces using functional components, props, and useState. Familiar with styling components using TailwindCSS and creating small interactive features. Eager to learn React best practices, gain hands-on experience, and contribute to real-world projects.

Skills

Primary Expertise

- ReactJS,
- Typescript (Basics)
- Tailwind CSS
- Axios

Secondary Expertise

- Git
- HTML, CSS
- Canva, Figma

Experience

WEB DEVELOPER INTERN | Mediaholic Nepal Pvt. Ltd. | REMOTE

06/2025 – 08/2025

- Learned to build web pages using HTML, CSS, and JavaScript.
- Practiced React fundamentals: functional components, props, and state management.
- Explored styling techniques with Tailwind CSS and standard CSS.
- Gained hands-on experience with APIs using fetch/axios and version control with Git/GitHub.

Projects

Personal Portfolio (*React and Tailwind*)

I developed a personal portfolio website to showcase my skills and projects, using Flexbox and Grid for a fully responsive layout. I built reusable sections like Navbar, About, Projects, and Contact.

Project Management System (*React (components, props, state), CSS, LocalStorage*)

I built a simple project manager app with features to add, edit, and mark tasks as completed. It was developed using React functional components and useState for state management. I implemented LocalStorage for data persistence and designed a clean, responsive interface using basic CSS.

To-Do List (*React, HTML, CSS*)

I developed an interactive to-do list application to add, update, and delete tasks with smooth UI interactions. Reinforced CRUD operations, component-based architecture, and state management using React functional components.

Education

2078 – Present

BACHELORS OF SCIENCE IN COMPUTER SCIENCE AND INFORMATION TECHNOLOGY, Himalaya Darshan College

2076 – 2078

HSEB +2 (Science), ARNIKO HIGHER SECONDARY SCHOOL
